Board will outsource 'internal' auditing 5 days ago
Four years ago, a citizen-driven state audit of Springfield Public Schools made a compelling case for hiring an internal auditor - and heeding that person's advice. The report concluded that many of the dozens of findings, or areas of concern, identified during the state's lengthy review could have

New policy sends whistleblower tips to top SPS district officials 5 days ago
After talking about the idea for several years, Springfield Public Schools' internal auditor this spring launched a hotline that employees and others can use to anonymously report concerns about fraud, abuse, mismanagement or ethical violations. Wayland Mueller, who served as the district's independent

Cal Poly student's complaint against professor is without merit 5 days ago
Cal Poly student Mick Bruckner discovered something at Cal Poly that he didn’t like last year: a professor who disagreed with him. Bruckner filed a Title IX discrimination complaint against lecturer Michael Winn and claims Cal Poly failed to take his initial complaint with the gravity that it deserves.
A mother mourns

When he was 6, police caught Kindall Johnson trying to cross Sunshine Street by himself. The Marine-obsessed child had discovered the recruitment office, then located in the Elfindale Center. His mother, Kathy Davis, seemed to enjoy sharing that memory. "One night I'm cooking dinner and there was ...
